

# Map Review

**PART 1:** Cut out following geographical areas and place them correctly on the blank map. Once everything has been placed correctly, color the British Colonies and Great Britain RED. Color the ocean (the areas in between what you glued) BLUE.

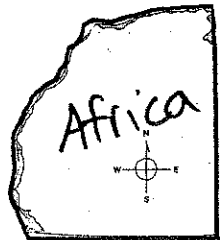

**Part 2:** Circle the key words in the following definition of colony:

*Land that is claimed by another country and it is far away.*

**Part 3:** Put the two together.  
Why is America called a colony?

Cut these  
out.
